# GAME NOTES

Concacaf NATIONS LEAGUE

**Jamaica** 3 - 2 **Mexico**

• Jamaica are the third team in 2026 to score three goals from just three shots on target in a Concacaf Nations League match, after Saint Lucia against Guadeloupe and El Salvador against Martinique.

• Jamaica have scored three goals against Mexico for the first time in their history. In Concacaf tournaments, they had previously scored two goals against them on just one occasion: a 2-2 draw in March 2023, also in the Concacaf Nations League.

• Kaheim Dixon is the second-youngest Jamaican player to provide an assist in the Concacaf Nations League, aged 22 years and 41 days; only Jahmarie Nolan against El Salvador earlier this year (16y 325d) was younger.

• At 18 years and 31 days old, Gilberto Mora is the youngest player to score a goal for Mexico in the Concacaf Nations League, surpassing José Macías against Bermuda in 2019 (20 years and 20 days).

• Only Andre Blake against Honduras (six) has made more saves than Jahmali Waite did today against Mexico (five) for a Jamaica goalkeeper in the 2026 Concacaf Nations League.

**Sequences** are a football metric that quantifies the plays within a team's ball possession.
It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.
During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.
This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up of the sequence. The calculation excludes set pieces.
