Portmore United

Concacaf
**CARIBBEAN
CUP**

Re fe ree
Randy Enca mac ión So lano

- Portmore United secured their first win in the Concacaf Caribbean Cup, ending Cavalier FC's unbeaten run in the competition against teams from their own country; Cavalier FC had played four matches without defeat previously (W3 D1).
- Portmore United ended Cavalier FC's two-game clean sheet run in the current Concacaf Caribbean Cup; this was the second-longest run without conceding for the Jamaican side in the competition since a three-game streak between October and November 2024.
- Portmore United equalled the most shots by a Jamaican team in the first half of an away match in the last two editions of the Concacaf Caribbean Cup (2025 and 2026), with 10 against Cavalier FC; Mount Pleasant also achieved this on two occasions in 2025.
- Jevaughn Grant scored the first goal from a side cross in the 2026 Concacaf Caribbean Cup, converting Rashaun Small's delivery; none of the previous 20 goals in this year's competition had been scored from this type of play.
- Cavalier FC's Nicholas Hamilton was the first player in the 2026 Concacaf Caribbean Cup to have more than two shots in a single match and hit all them on target (3/3).

ATTACKING SEQUENCES INVOLVEMENTS

- Shot
- Chance Created
- Build Up to Shot

Sequences are a football metric that quantifies the plays with in a team's ball possession. It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot. During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence. This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build ..
