GAME NOTES

Referee
Nelson Salgado

- This was the first time Cartaginés have scored 2+ goals in a Concacaf Central American Cup quarter-final match; it is also the first time they have avoided defeat at this stage.
- Orlando Sinclair scored his third goal of the 2026 Concacaf Central American Cup against CS Cartaginés, making Saprissa the only club in this year's edition with two players to have reached this tally (also Mariano Torres).
- Orlando Sinclair has scored nine Concacaf Central American Cup goals for Saprissa, surpassing Javon East (eight goals) as Saprissa's all-time top scorer in the competition; he also netted two of Saprissa's four quarter-final goals (also in 2023).
- Saprissa recorded their highest shot total in a single match across the last two Concacaf Central American Cup editions against CS Cartaginés (22 shots); however, they drew the match against Cartaginés, conceding two goals from their opponents' five shots.
- Geancarlo Castro (CS Cartaginés) equalled Ronaldo Cisneros as the top scorer in the 2026 Concacaf Central American Cup after netting his fourth goal of the tournament; only Marco Ureña (six) and Johan Venegas (five) have scored more for CS Cartaginés in a single edition, both in 2025.

ATTACKING SEQUENCES INVOLVEMENTS

- Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up ..
