GAME NOTES

Plaza Amador

5 - 2

Club Xela

Referee
Julio Edgardo Guity Nunez

- This is the third time Plaza Amador have managed to win a Concacaf Central American Cup match after conceding the first goal, including the last two editions. It is also the first time they have done so at home, having previously beaten Antigua GFC 5-3 and LD Alajuelense 2-1 away from home in 2025.
- Diego Casas is the first Xela player to score a goal and provide an assist in a single Concacaf Central American Cup match across the last two editions of the competition.
- Plaza Amador's Everardo Rose has now scored six goals for the club in the Concacaf Central American Cup across the last two editions. This is the first time the Panamanian has scored a brace in the competition in that timeframe.
- Plaza Amador's Éric Davis created four chances for his team against Xela today, in addition to providing an assist. Across the last two editions of the Concacaf Central American Cup, he is the joint-leader for chances created (32, level with Real España's Jhow Benavidez). Both players also have five assists in this period, the joint-most alongside Xela's Jesús López.
- This is the second time Plaza Amador have scored five goals in a Concacaf Central American Cup match, after doing so in a 5-3 win against Antigua in 2025, also on Matchday three of the group stage.

ATTACKING SEQUENCES INVOLVEMENTS

- Shot
- Chance Created
- Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

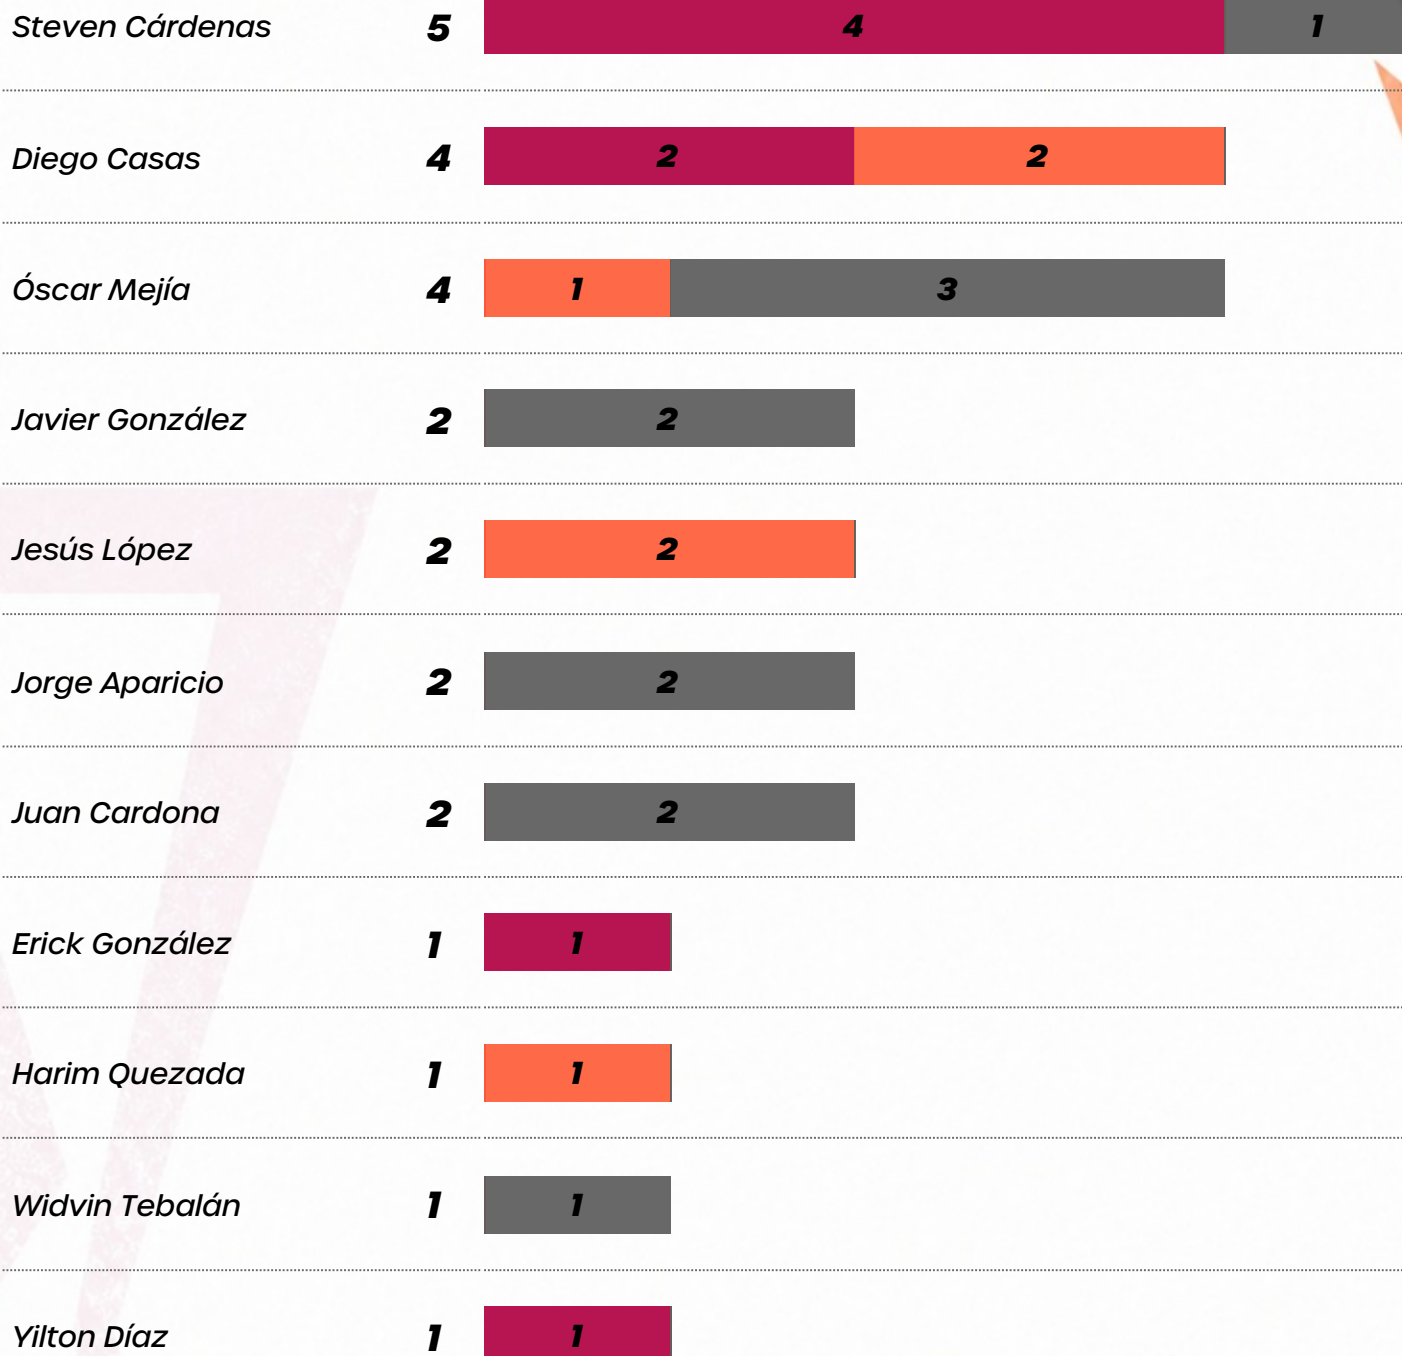

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build ..
