GAME NOTES

UMECIT

1 - 2

Olimpia de Tegucigalpa

Referee
Jose Corporan

- Olimpia are now unbeaten in their last six away games in the Concacaf Central American Cup (W4 D2); their only away defeat in the competition remains their debut match against Real Estelí in 2023.
- Olimpia dominated UMECIT FC in their Concacaf Central American Cup group stage match, outperforming their opponents in total shots (19 to 13), expected goals (2.3 to 1.4 xG), possession (64% to 36%), corners (7 to 2), and total crosses (35 to 16).
- Olimpia recorded 19 shots and 2.3 expected goals against UMECIT, both of which are the team's highest totals in a single Concacaf Central American Cup match across the last two seasons (10 games).
- UMECIT were ahead for 17 minutes against Olimpia; the Honduran side had not been trailing in the Concacaf Central American Cup for six matches, with the last time being for 18 minutes against Águila in the 2025 edition.
- UMECIT's Imanol Enríquez scored his first goal in the Concacaf Central American Cup on his debut in the competition. Despite coming on in the 70th minute, the Argentine had the most shots on target (two) for his team.

ATTACKING SEQUENCES INVOLVEMENTS

- Shot
- Chance Created
- Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

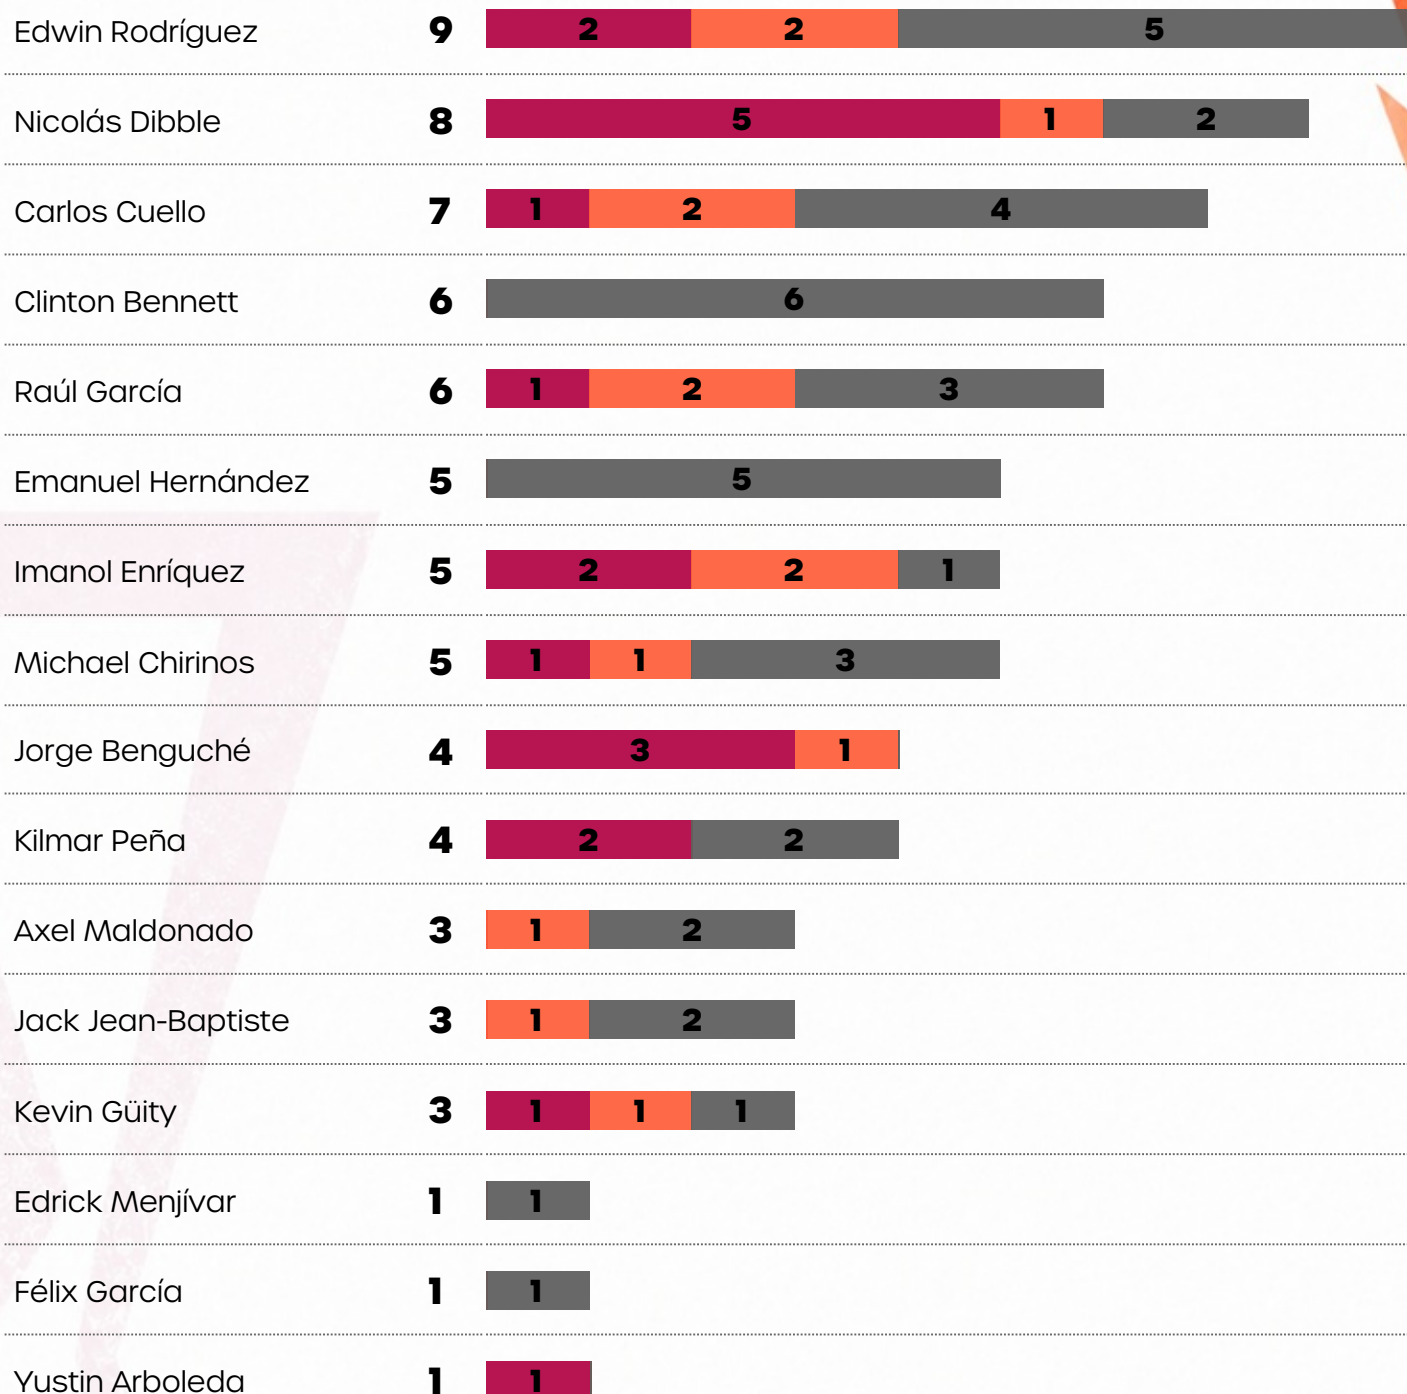

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up ..
