Mount Pleasant Academy	2	0	Club Sando

Concacaf CARIBBEAN CUP

GAME NOTES

Concacaf CARIBBEAN CUP

Mount Pleasant Academy **2 - 0** **Club Sando**

Referee
Shavin Greene

Mt. Pleasant are the team in the Concacaf Caribbean Cup who have led for the most minutes in this year's tournament (253), at least 51 more than the next team on the list (Violette with 202).

Club Sando's Teshorne Ragoo has saved two penalties in the Concacaf Caribbean Cup 2026, the same number of penalties faced by all other goalkeepers combined in the competition (one against Portmore United and one against Broki - both of which were scored).

Mt. Pleasant is the second team to qualify for two different Concacaf Caribbean Cup finals after Cavalier (2023 and 2024), with both teams achieving this in two consecutive editions.

Mt. Pleasant are unbeaten in each of their last five Concacaf Caribbean Cup matches (W2 D3), equalling their best run in the competition (five consecutive wins in 2025). They have kept a clean sheet in each of their last two home games, as many as in their previous seven.

Only Portmore United's Javier Brown (four) has scored more goals in the 2026 Concacaf Caribbean Cup than Mount Pleasant's Warner Brown (three, as his teammate Nickalia Fuller).

Across the last two editions of the competition, no player has scored more times than Mount Pleasant's Warner Brown (five, level with Herard Frantzety).

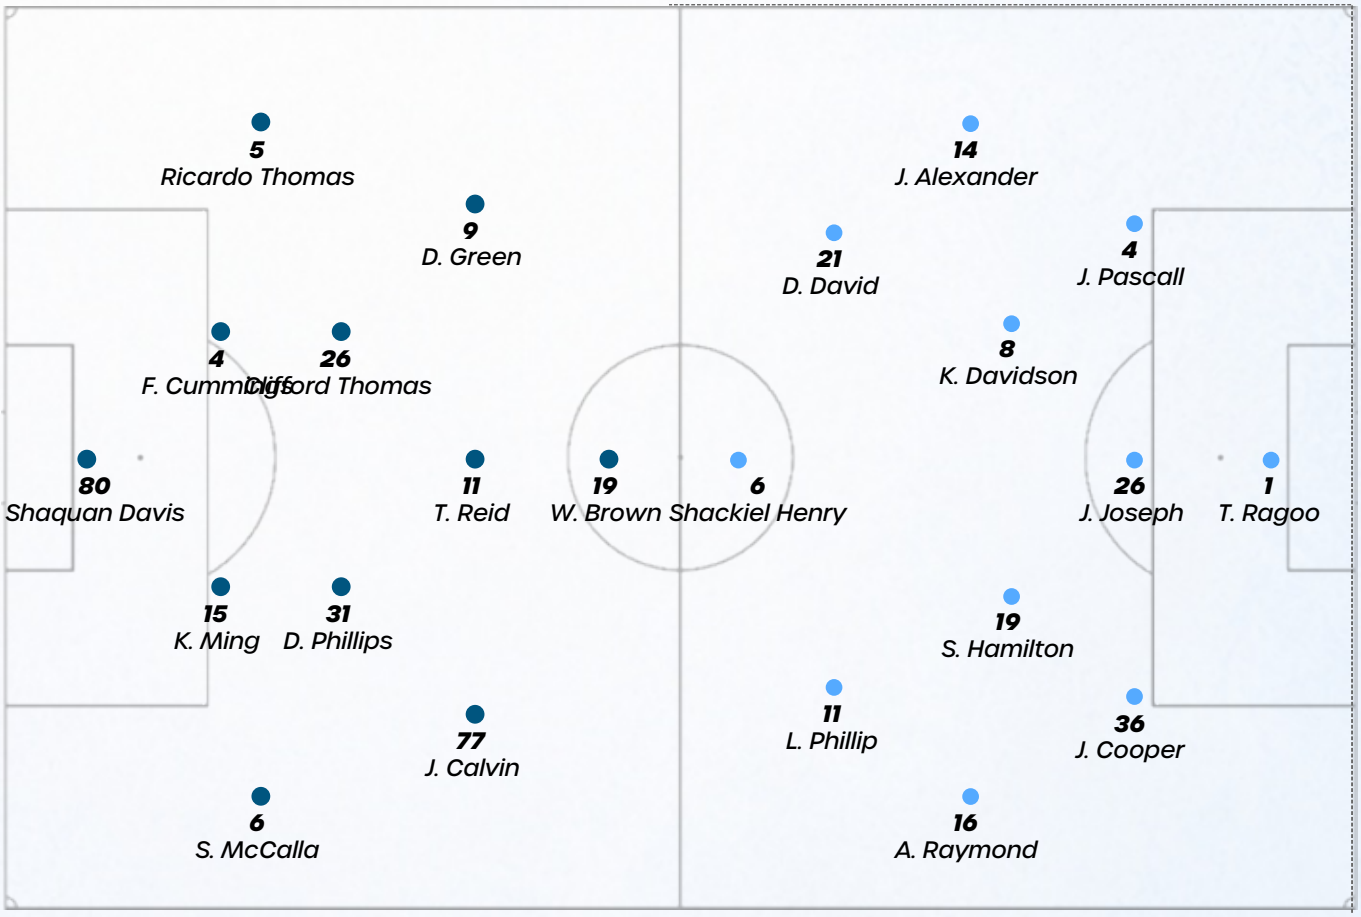

Mt. Pleasant's Trayvone Reid is only the second player to take a penalty and provide an assist in a single Concacaf Caribbean Cup match across the last two editions of the competition, after Defence Force's Kevin Molino against Cibao in November 2025.

Sequences *are a football metric that quantifies the plays within a team's ball possession.*
It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.
During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.
This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build ..
