GAME NOTES

Concacaf NATIONS LEAGUE

Curaçao		0 - 0		Panama

• Panama's Andrés Andrade is the first player in this Concacaf Nations League to contest eight duels, win 100% of them, provide three chances created and attempt two shots in a single match in the competition today against Curaçao.

• Curaçao made just one substitution in this Concacaf Nations League match against Panama, the joint-fewest in the competition alongside Saint Lucia against Guadeloupe last October.

• Panama allowed Curaçao to attempt just six shots, the fewest Dick Advocaat's side have managed in a Concacaf Nations League or FIFA World Cup match in 2026.

• Curaçao's Eloy Room made six saves against Panama today. Across the USL Championship, the FIFA World Cup and the Concacaf Nations League, this is his second-highest number of saves in a single match in 2026, only surpassed by his 15 saves against Ecuador in the World Cup.

• Panama faced just one shot in the second half against Curaçao, the second time in the last two years they have faced only one shot in a second half across Concacaf and FIFA competitions, equalling their World Cup Qualifier against Belize in June last year.

Sequences are a football metric that quantifies the plays within a team's ball possession.
It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.
During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.
This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up of the sequence. The calculation excludes set pieces.
