

Concacaf  
**CHAMPIONS  
CUP**

*PRE-MATCH REPORT*

***Toluca - Tigres UANL UANL***

## 1. Opta Facts

- *Two Liga MX teams are facing each other in the Concacaf Champions Cup final for the first time since 2021, when Monterrey C.F. defeated Club América 2-0 on aggregate. Since the format change in 2008, this is the tenth occasion that the tournament has been decided by two Mexican clubs.*
- *Deportivo Toluca FC are aiming for their third Concacaf Champions Cup title across all formats. However, they have only won the competition via a final on one occasion, when they faced another Liga MX side (2003, 5-4 on aggregate against Monarcas Morelia). In 1968, they won their first title without playing a final.*
- *Tigres UANL are looking for their second away victory against fellow Liga MX teams in the Concacaf Champions Cup since 2008. Their only previous such win came in March 2017, a 3-0 victory over Pumas UNAM in the quarter-finals.*
- *Toluca will decide the Concacaf Champions Cup 2026 at their home ground, the Nemesio Diez. Los Diablos Rojos have won their last three home games in the competition and could reach four victories for the first time since at least 2008. However, in that same period, they have failed to win against Liga MX teams (D2 L1).*
- *Tigres UANL's André-Pierre Gignac is the only player across both squads to have scored in a Concacaf Champions Cup final since 2010-11. The Frenchman has scored in three different editions of the tournament's final: 2015-16, 2019 and 2020.*
- *Guido Pizarro could win the Concacaf Champions Cup as both a player and a manager for Tigres UANL, a feat also achieved by Vicente Sánchez in the last edition with Cruz Azul. In the previous 10 years, only one manager had lifted the trophy after doing so as a player: Tuca Ferretti in 2020, also with Tigres UANL.*
- *Toluca's Paulinho has scored eight goals in the current Concacaf Champions Cup, leading the scoring charts. Should he score two or more goals in the final against Tigres UANL, he will be the first player to reach 10 or more goals in a single edition of the tournament since Javier Orozco scored 11 for Cruz Azul in 2010-11.*
- *Two of the three players with the most line-breaking passes ending in a shot assist in this Concacaf Champions Cup edition belong to these teams: Juan Brunetta (Tigres UANL) and Nicolás Castro (Toluca). Both have one assist from these deliveries.*
- *The three players with the most Shot Ending Sequence Involvement in the 2026 Concacaf Champions Cup all belong to Toluca: Nicolás Castro leads with 46, followed by Helinho (43) and Paulinho (42). The Portuguese player is also the leader in Goal Ending Sequence Involvement (9) and has accumulated the most Expected Goals (xG) from these actions (7.61xG).*
- *Tigres UANL's Ángel Correa has completed more successful take-ons than any other player in the current Concacaf Champions Cup (17). The Argentine has a 46% success rate from his 37 attempted take-ons in the competition.*
