Alianza FC (SLV)

Referee

Josué David Ugalde Aguilar

- Alianza FC have qualified for the knockout stages of the Concacaf Central American Cup following their victory against CD Marathón; this is the first time the Salvadoran club have reached this round after being eliminated in the group stage in the previous two editions.
- Alianza FC have become only the second team from El Salvador to progress past the group stage in the Concacaf Central American Cup, following CD Águila in the 2024 tournament.
- This was Alianza FC's first-ever away victory in the Concacaf Central American Cup; the Salvadoran side had previously played five away matches in the competition without a win (D1 L4).
- Alianza FC's Matías Mier has scored in a continental competition for the first time in nearly seven years; the Uruguayan forward's last goal in such a tournament came in the CONMEBOL Sudamericana for Internacional de Bogotá (known before as La Equidad) in August 2019.
- CD Marathón failed to defeat Alianza FC despite recording more shots (15 to 7), enjoying more possession (66% to 34%) and completing more than twice as many passes in the attacking half (318 to 150); Alianza FC converted one of their three shots on target, matching the total number of shots on target managed by the Honduran club.

ATTACKING SEQUENCES INVOLVEMENTS

Shot
Chance Created
Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up ..
