GAME NOTES

Municipal

1 - 1

Cartaginés

Referee
José Valladares

- Municipal are unbeaten in their last five Concacaf Central American Cup matches (W1 D4); they have not lost in the competition since a 0-1 defeat against Saprissa in the 2024 edition.
- Cartaginés remain unbeaten in their away games in Guatemala in the Concacaf Central American Cup; following today's draw, they have now recorded one win and one draw in the country, having previously beaten Cobán Imperial 1-0 in the 2023 edition.
- Cartaginés have reached three games unbeaten in the Concacaf Central American Cup (W2 D1), equalling their longest unbeaten run in the competition's history, previously set in 2023.
- All 15 of Municipal's shots against Cartaginés were from inside the box, the highest total by any team on matchday one of the 2026 Concacaf Central American Cup; the last team to record 15 or more shots from inside the area in the competition was Real España against Xelajú in October 2025.
- Cartaginés' Randal Cordero and Municipal's José Mena both scored in the first half and were booked in the second half of their Concacaf Central American Cup match; for Cordero, it was his first goal in the competition, while Mena had previously scored in the 2025 edition.

ATTACKING SEQUENCES INVOLVEMENTS

- Shot

- Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

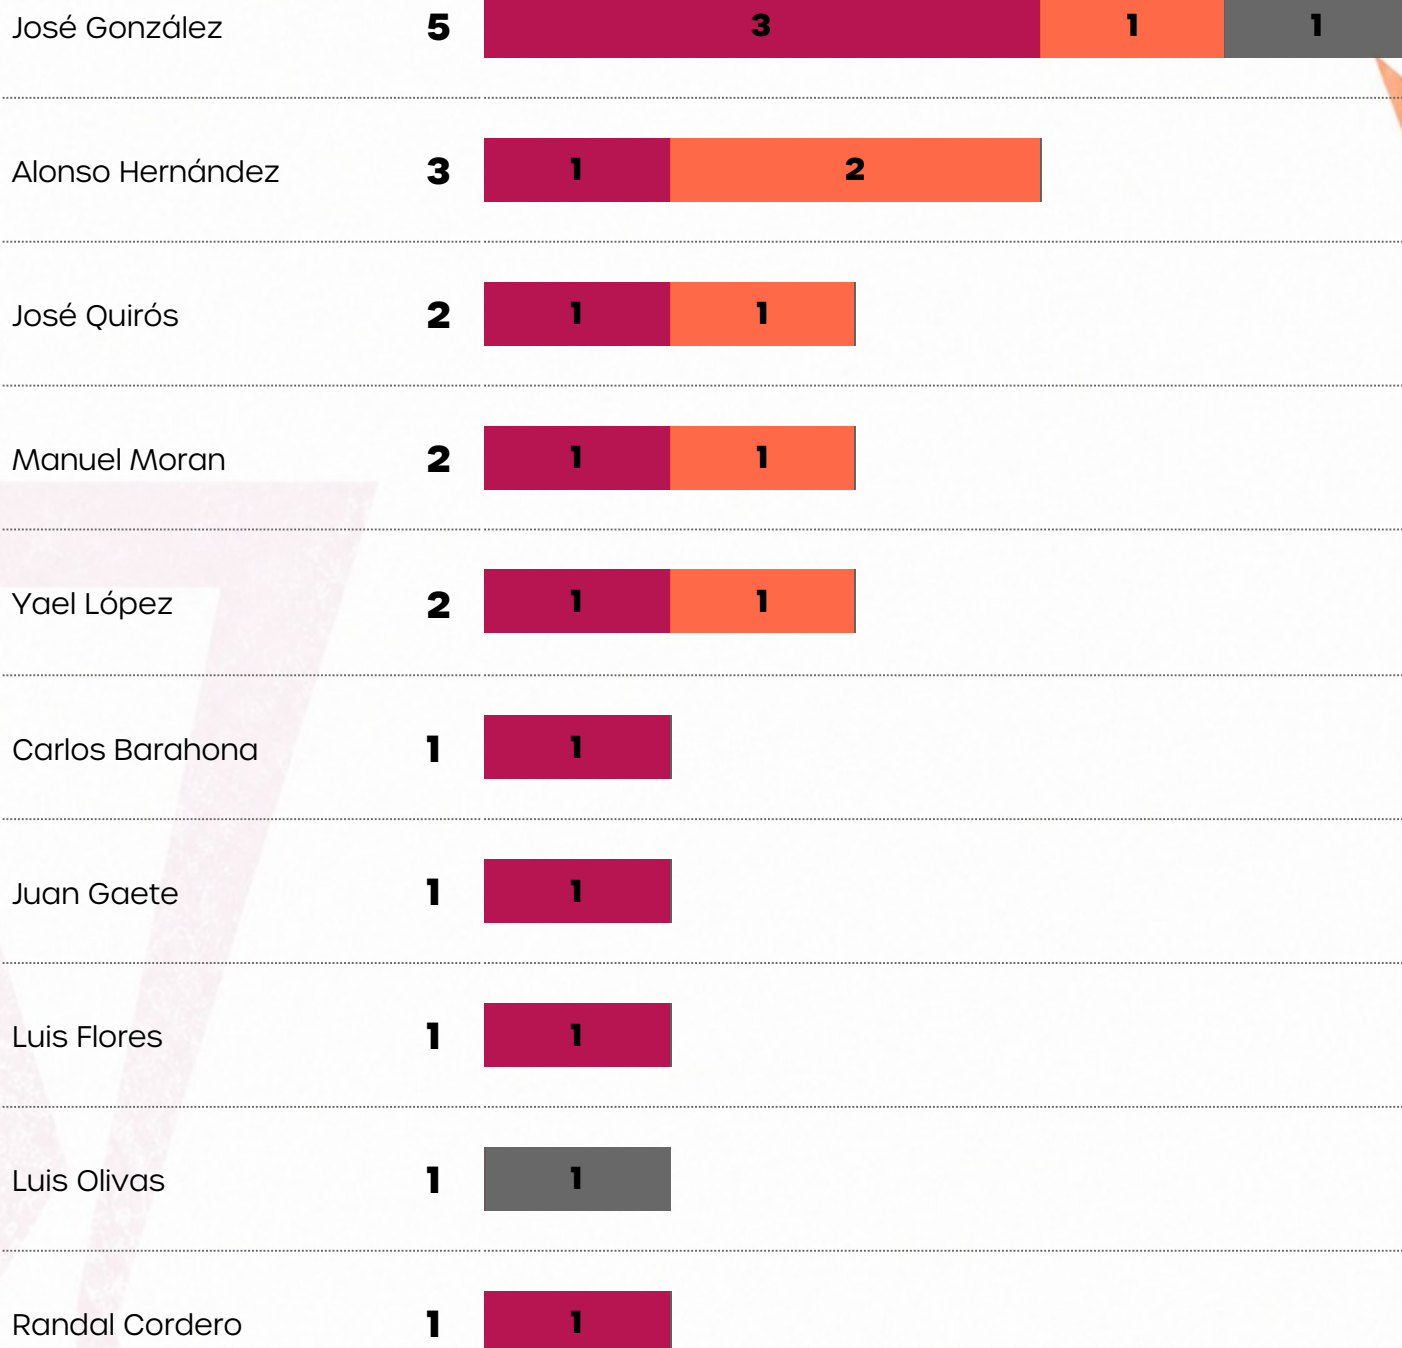

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up ..
