Concacaf CENTRAL AMERICAN CUP

GAME NOTES

CD Marathón **2 - 1** **Alianza FC (SLV)**

Referee
Steven Madrigal

• CD Marathón secured their first-ever victory in the knockout stages of the Concacaf Central American Cup, while also coming from behind to win a match in the competition for the first time in their history.

• CD Marathón's victory against Alianza FC is only the second win by a Honduran team in the Concacaf Central American Cup Play-In round, following FC Motagua's 2-0 win over CD Águila in 2024 that secured qualification for the Champions Cup.

• CD Marathón are the only team in the 2026 Concacaf Central American Cup to have three different players with three or more goals, following Nicolás Messiniti and Damin Ramírez's strikes against Alianza FC today; Yairo Moreno also has three goals in the competition.

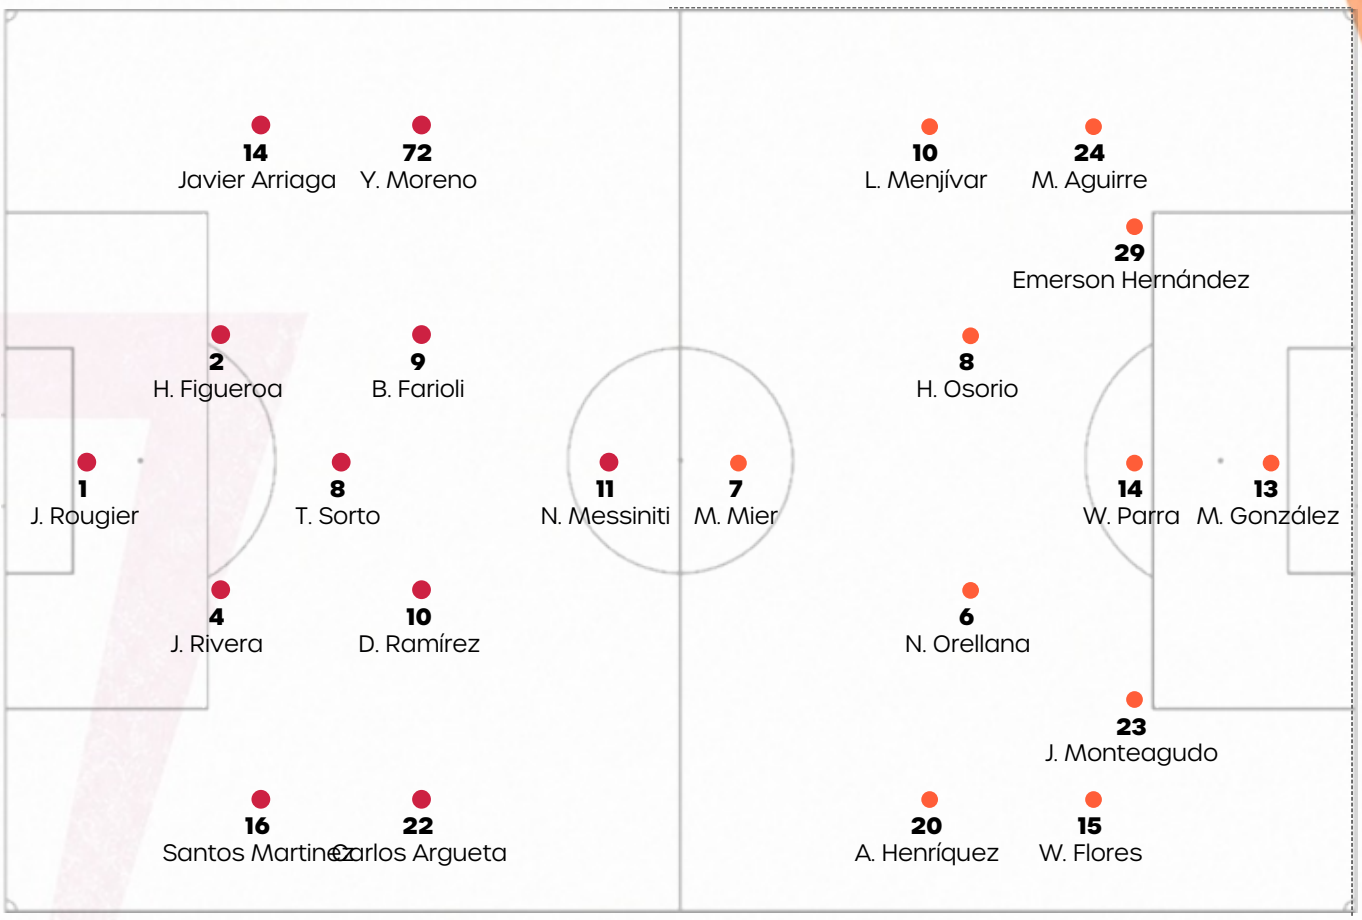

• Alianza FC have scored their second-ever goal from a corner in the Concacaf Central American Cup, following Emerson Mauricio's strike against L.A. Firpo in 2024; meanwhile, CD Marathón have reached four goals from corners in the 2026 tournament, the joint-most of any team alongside CS Cartaginés.

• Harold Osorio's goal after four minutes and one second was the earliest Alianza FC have ever scored in the Concacaf Central American Cup; it was also the club's first-ever goal in the knockout stages of the competition.

Sequences are a football metric that quantifies the plays within a team's ball possession.
It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.
During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.
This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up ..
