GAME NOTES

Concacaf NATIONS LEAGUE

USA  **2 - 0**  Haiti

• Weston McKennie provided as many assists in 77 minutes tonight against Haiti as in his previous nine Concacaf Nations League matches combined for the United States (2).

• Christian Pulisic is the United States leading goalscorer in Concacaf Nations League history, having found the net nine times - at least two more than any other teammate. Weston McKennie, who assisted Pulisic's goal tonight against Haiti, is the next closest with seven alongside Ricardo Pepi.

• The United States bounced back from two consecutive defeats (0-1 vs Panama, 1-2 vs Canada) with two straight wins in the Concacaf Nations League (6-0 and 2-0 vs Haiti). This is only the second time the USMNT records back-to-back shutout wins in the tournament in the same international break (3-0 vs Mexico and 2-0 vs Canada in June 2023).

• The United States have extended their unbeaten run against Haiti across all competitions (including friendlies) to 12 matches, winning each of the last five (W7 D5 since 1976).

• Julian Hall has scored five goals in his six appearances for the United States; at 18 years and 238 days old, he is the youngest player ever to reach five goals for the USMNT, surpassing his teammate Christian Pulisic (18 years and 258 days).

Sequences are a football metric that quantifies the plays within a team's ball possession.
It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.
During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.
This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build up of the sequence. The calculation excludes set pieces.
