GAME NOTES

L.A. Firpo

0 - 3

Club Olimpia

Referee
Félix Mojica

- *Just one minute and 37 seconds separated Club Olimpia's first two goals against L.A Firpo today, the shortest time between two goals for a single team in the Concacaf Central American Cup 2026.*
- *L.A Firpo's Víctor García completed more successful take-ons (three of four) than all of Club Olimpia's players combined (two of seven) while he was on the pitch in today's Concacaf Central American Cup match.*
- *Club Olimpia's Yustin Arboleda has scored in all four editions of the Concacaf Central American Cup (four goals in total, one in each year) with his goal against L.A Firpo today.*
- *Club Olimpia have joined Saprissa and FC Motagua as the teams with the most wins by three or more goals in the history of the Concacaf Central American Cup (five each).*
- *Club Olimpia are the third team to start a Concacaf Central American Cup campaign with five consecutive wins, after Plaza Amador (W5 in 2025) and LD Alajuelense (W5 in 2024, W6 in 2023 - champions in both).*

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

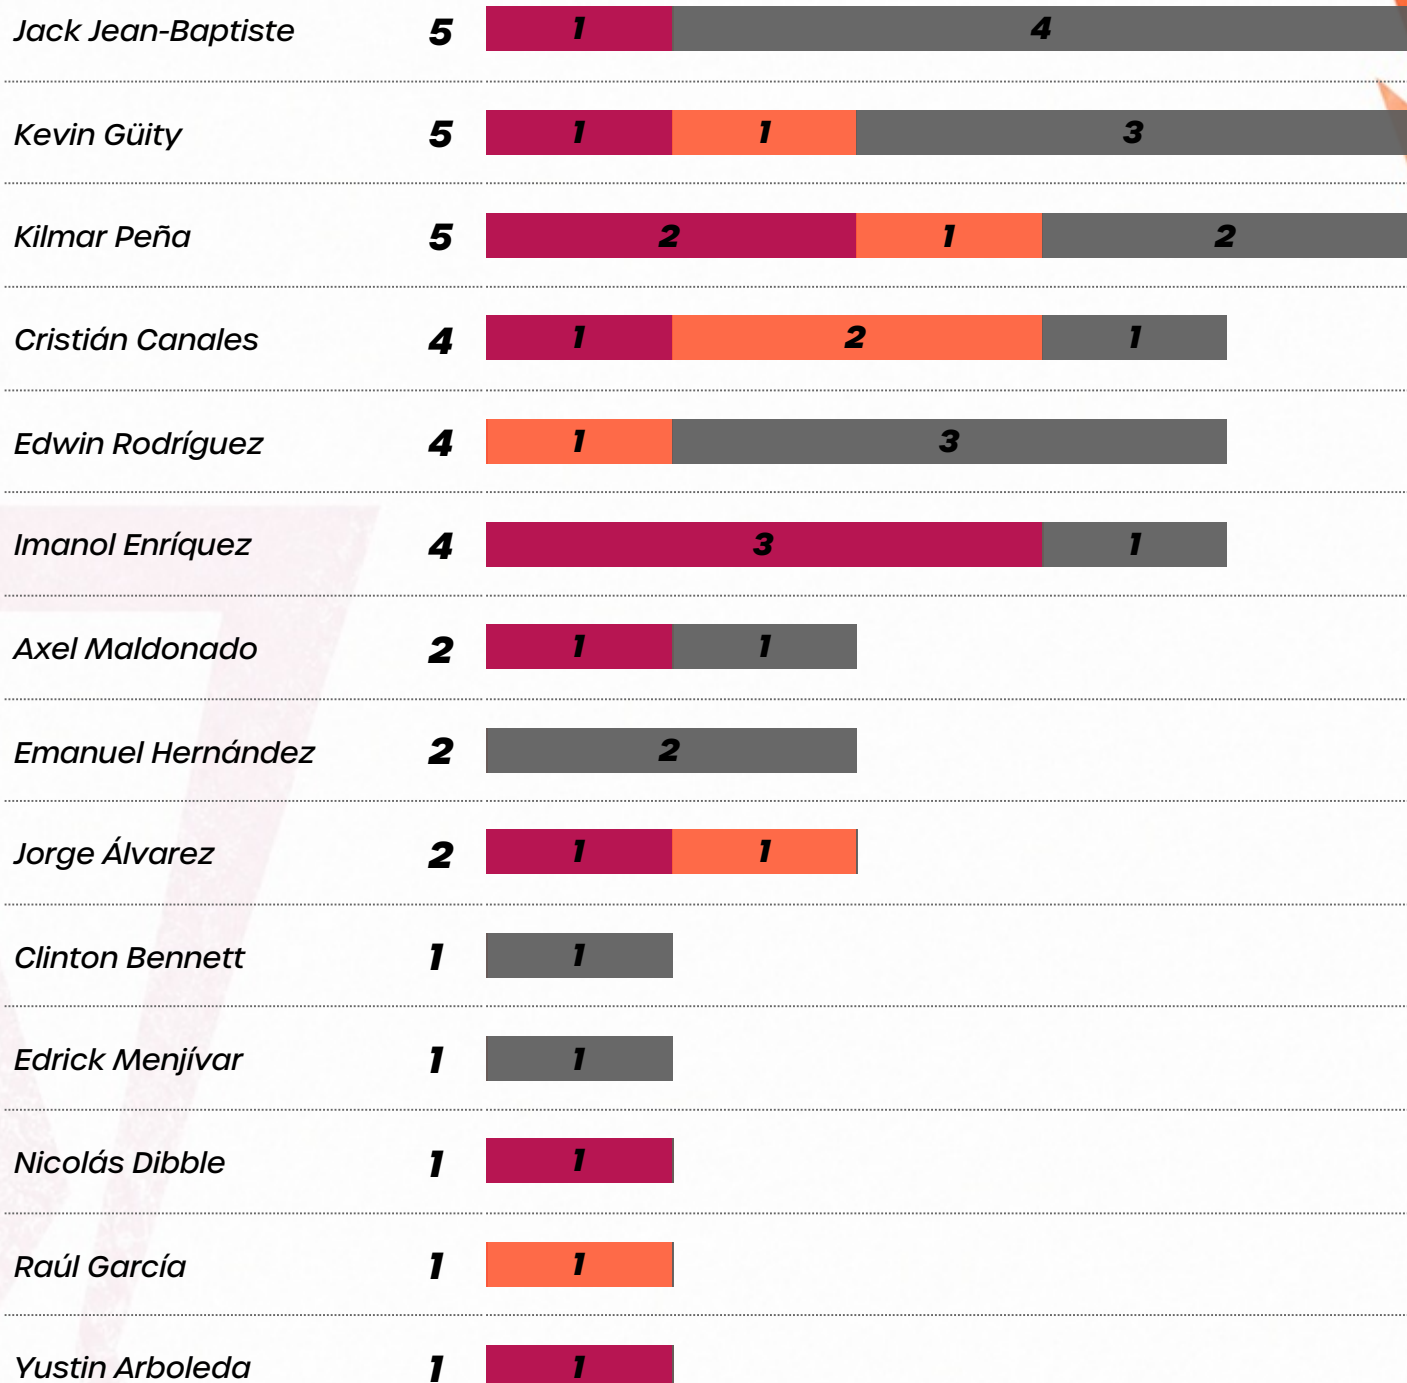

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build ..
