GAME NOTES

Broki

1 - 2

Violette AC

Referee
Nikolai Nyron

- *Violette AC won their first three Concacaf Caribbean Cup matches, becoming the first team in the competition's history to win each of their first three games in the tournament.*
- *Nevon Esperansie (SV Broki) made five saves in the first half against Violette AC. This is the second-most saves by a goalkeeper in a first half in the last two editions of the Concacaf Caribbean Cup, after Isaiah Williams (Defence Force) against Cibao FC for third place in 2025 (six).*
- *Violette AC attempted 26 shots against SV Broki (1.44 xG); only Moca FC against SV Robinhood (29 shots with an xG of 2.42) in October 2025 has attempted more shots in a Concacaf Caribbean Cup game in the last two editions.*
- *Violette AC have scored two goals via substitutes in the 2026 Concacaf Caribbean Cup (Jean-Louis Clifford and Maxime Jeanty), making them the only team so far to have two substitutes score at least once in this edition of the tournament.*
- *Miche-Naider Chéry has been involved in three goals in three games in the Concacaf Caribbean Cup (two goals and one assist); only Elyvens Déjean (four, 2G+2A) has generated more goals for Violette AC in this edition of the tournament.*

ATTACKING SEQUENCES INVOLVEMENTS

Shot
Chance Created
Build Up to Shot

Sequences are a football metric that quantifies the plays within a team's ball possession.

It begins when a player performs a controlled action with the ball, such as a pass or dribble, and ends at the end of that play, either with a defensive action by the opposing team, a break in play, or a shot.

During a sequence, the participation of each player who performs an action with the ball, whether it is a pass, a dribble or a shot, is recorded. If the sequence culminates in a shot, the player is credited with participating in a shot ending sequence.

This participation may be the shot itself, the pass that led to the shot (chance created) or a previous touch in the build ..
